## USE OF FACILITIES RULES AND FEES NON-SCHOOL RELATED ORGANIZATIONS

### PUBLIC USE OF SCHOOL FACILITIES

The Board of Education recognizes the capital investment the district has in its school plant and facilities and believes that these buildings and facilities should be used for legitimate community use within the framework outlined by Education Law.

Education Law states in part that a Board may permit the use of school buildings and grounds, to non-profit organizations when not in use for school purposes, for any of the following purposes:

“For holding social, civic and recreational meetings and entertainment, and other uses pertaining to the welfare of the community; but such meetings, entertainment and uses shall be non-exclusive and shall be open to the general public.

For meetings, entertainment and occasions where admission fees are charged, when the proceeds thereof are to be expended for the educational or charitable purpose; but such use shall not be permitted if such meetings, entertainment and occasions are under the exclusive control, and the said proceeds are to be applied for the benefit of a society, association or organization of a religious sect or denomination, or of a fraternal, secret or exclusive society of organization other than organizations of veterans of the military, naval and marine service of the United States and organizations of volunteer firefighters or volunteer ambulance workers” (Education Law – 414).

The Board encourages the use of its facilities by groups and organizations when their purposes and objectives contribute to the benefit of the school district or the school community – and has directed the school administration to develop and promulgate administrative regulations.

### **Section I – Permit Application**

An application for a permit to use school buildings and grounds must be submitted at least two weeks prior to the use date.

A completed application consists of:

1. Use of Facilities Application form - available on the District website (<http://mw.k12.ny.us/community/facilities-use>). It may be downloaded and completed by hand, or it may be completed as an online form using Adobe Reader, then emailed to the Building Principal or Athletic Director depending on the building/grounds being requested for use;
2. \$25.00 Application fee
3. Proof of general liability insurance. See Page 1 for Insurance requirements.

The application will be reviewed to ascertain whether the area requested has been reserved.

Upon approval by the Principal or Athletic Director, the Application will be forwarded to the Assistant Superintendent for Business and Management Services office.

The Assistant Superintendent will approve or disapprove the Application and notify the applicant by forwarding the Application to the individual(s)/group(s) requesting the facility.

### **Section II – Priority**

Priorities established for the use of school buildings or grounds are as follows:

#### **Only MWCS D Non-Profit organizations or groups will be granted permission to use school facilities.**

##### **GROUP I:**

First priority use is reserved for direct school related activities. These are school activities such as athletic practices, athletic contests, meetings, plays, programs, etc. which are run by school personnel or PTA for students and the community. Most of these activities are considered an extension of the regular school program.

##### **GROUP II:**

Second priority use is reserved for non-profit organizations who reside within the confines of the Monroe-Woodbury Central School district boundaries. Examples of these groups who have traditionally used the school facilities and fall within this category are as follows: scouts, village and/or town recreation programs, village and/or town fire departments, village and/or town police departments and/or cultural societies.

### Section III – Rules and Regulations

All permits shall be issued in accordance with the following terms and conditions which the Board of Education, may, from time to time, amend:

- The school district has the right to refuse any group that might be too large to accommodate in the school building and/or grounds.
- Groups I and II will schedule, to the best of their ability, so as to limit school building use to normal business hours. This “best effort” will reduce the school district’s cost to operate a building when it is normally closed.

In order to facilitate the cleaning of buildings, a schedule for use of various facilities has been developed by each Building Principal. Based upon cleaning needs of each facility, it is possible that applications may not be approved to allow for scheduling cleaning of various areas.

- No rental shall be charged to District organizations during normal working hours, except in an Austerity Year.
- Should a facility be used by a municipality for the purpose of registration or voting at a time when custodial service is not normally available, the requirement for custodial services, as described in the aforementioned, will be waived.
- Should a group require custodial services at a time when custodians are not normally on duty, arrangements must be made for a custodian through the Building Principal. If in the opinion of the Building Principal the time required by custodial personnel is significant, the custodian(s) will be paid overtime by the district and the group will reimburse the district for such expenses. The custodian must be paid a minimum of three hours pay in cases in which an organization cancels the use of a facility within twenty-four (24) hours of the actual use. Movement of equipment requires a custodian and, therefore, should not be moved without first consulting a custodian.
- If a group does not show up for use of scheduled facility and does not notify District/School Custodian, the group will be subject to the district fees for the time the group was scheduled to use the facility.
- If the school kitchen is used for cooking purposes, a school district cafeteria employee must be present. The entire procedure would be under her supervision including any clean-up of the kitchen which must be accomplished after the program. Payment for the cafeteria employee will be based upon the actual amount paid to the individual on duty at the time. Payment will be made to the individual by the school district, and the organization using the facilities will be

billed to reimburse the school district. The cafeteria employee must be paid a minimum of three hours pay in cases in which the organization cancels the use of a facility within twenty-four (24) hours of the actual use.

- Any group that plans to prepare or serve food on Monroe-Woodbury Central School District property must obtain and display a Temporary Food Service permit from Orange County Department of Health. This applies to use of any of the District's kitchens, including the concession stand at the main athletic field campus. Contact the Orange County Department of Health to obtain the Temporary Food Service Permit.

<http://www.co.orange.ny.us/content/124/1334/default.aspx>

- No special equipment that is the property of the school district will be used by an organization unless specific approval has been granted. If the request is granted:
  - a. Building and grounds must be left in the same condition in which they were found. The applicant must agree in advance to promptly pay for any loss or damage occurring during the use of buildings and/or grounds.
  - b. Adequate adult supervision must be provided at all times and it is the responsibility of the organization using the facility to provide that supervision.
  - c. The use of alcoholic beverages and tobacco products is strictly prohibited.
  - d. Putting up decorations or scenery, or moving pianos, or other furniture will be prohibited unless special permission is granted by the Building Principal.
  - e. Items may not be sold, exhibited, or displayed without the permission of the Building Principal.
  - f. Parking will be in designated areas only.
  - g. Groups will not be allowed to use lobbies or hallways for events.
- While the Board of Education carries adequate liability insurance for its own protection, all organizations granted permission to use school facilities are responsible for providing any additional insurance that they deem necessary for their own protection or as the Board may require. The Board of Education requires insurance protection, therefore, a certificate showing evidence of insurance and naming the school district as the insured must be submitted along with the Application prior to the actual use of the facility.

- Representatives of groups must agree to be present at any meeting regarding the use of facilities called by the building Principal of the facility used.
- The use of a school facility is secondary to the Educational Program and use by non-school related organizations may be cancelled temporarily or permanently if the facility is needed for a school purpose.
- Notwithstanding anything herein to the contrary, the Board of Education reserves the right to deny the use of school facilities to anyone if, in the opinion of the Board, it would not be in the best interest of the school district.
- No keys to district facilities are to be given to any group. A school district employee must be on duty during the period that the facilities are being used. If a district employee is unavailable, the facility cannot be used.
- Because of the numerous groups within the district that may want to use buildings, no one group shall be issued a permit so as to exclude other groups.
- Use of facilities during the summer months may be limited so as to recognize the need for summer refurbishing of the district's buildings and grounds.
